THE BYLINE WEEKLY

For The Benefit Of our Boys Shivering In A Korean OR European Winter—

California Weather is at it's Worst Since 1890!!

We've had RAIN - SNOW - HAIL - FLOODS - AND EVEN A HURRICANE!!

Read Firechief Terry's Report On Storm Damage In Brisbane — on Page 5 of This Issue.

Also — Read The State Fire Marshall's Report On The Flood of "Hot Sweaters" — on Page 3 of This Issue.

Join THE MARCH of DIMES — Give - Now!

HI, THERE, YOUSE GUYS!--got a couple of letters from some of our boys---seems good to be getting letters from you fellas again. There was about a six week period there when little ol' yours truly thought she'd lost her poisonality or something.

Inkadinkly, we now have Jack Zgraggen's address, in case some of you would like to drop him a line----and don't drop a stitch or two when you see his new ratin'--here 'tis: SGT. JOHN ZGRAGGEN--RA-19365218--Co. L. 32nd Inf. Rect.--APO # 7--c/o Postmaster, San Francisco, California.

Thanks to "Buck" Shulda, over there in Germany, for the above address, and for the swell letter--even though he did put "PLEASE DON'T PRINT" on it. Okay, so no printee!

In case some of you guys are wondering why you're getting two or three papers at a time, instead of once a week as formerly---there happens to be a shortage of Manila envelopes here now. We won't use the thin cheaper variety--because they won't stand the gaff going overseas, and so forth. We like to send your papers first-class, and we like to be sure you will get them all nice and dry. Besides, the thin white envelopes just don't have the "glue"---they come unstuck, and out falls your Byline. We're sure you'd rather wait a few days, and be sure of getting the paper--than to get just an empty envelope! How 'bout dat???--

Well, before we run out of space, had better get to the INcoming mail!

* * * * * * * * * *

U.S.S.THE SULLIVANS
Jan 6:'52

Dear Mrs. Rocco:

Yesterday I received the three copies of the Byline you sent, and I want to thank you very much. I read them yesterday, and for a little while I felt as though I was right back there in Brisbane!

I understand that you send the paper to ALL the servicemen from Brisbane. I think that is a fine idea, because that paper kind of helps the morale of the men, and I know they all look forward to receiving it.

I know that after reading the Byline I felt a lot better, because I now know more of what is going on around home. I don't live in Brisbane, as you probably know, but I do spend the biggest part of my time there--so I am always interested in what is happening "at home"--for I consider Brisbane as "home"--even more than San Francisco.

Right now I'm in Newport, Rhode Island. It is pretty cold here at this time of the year. Every now and then we have a little snow, but there is plenty of ICE all the time! Quite a bit different from the weather I've been used to. We will be here for a month, and then we go to Boston for repairs to the ship, and then on to the Mediterranean.

From what I read in the Byline, I see that a lot of Brisbane's Servicemen keep in pretty good contact with you, which is very good. I know most of the fellows, and it is always good to read about what they are doing and where they are. It makes me feel how lucky I really am to be here, instead of where I could have been sent!

I hope this letter will make some kind of sense to you. I'm standing a mid-watch now (12 midnite to seven in the morning)--and I wasn't able to get much sleep before the watch.

I have to get busy now and do a little work around here, so I'll close for now. Just once more, I would like to say how much I really appreciate getting the Byline from you--and I will look forward to receiving it from now on. I hope you enjoyed the holidays, and here's wishing you a pleasant and prosperous New Year! Sincerely,

VINCE BAGNETTA (U.S.Navy

* * * * * * * * * * * * * * * * *

Thanks, Vince. Maybe you don't thikk WE don't appreciate your writing so soon. You see, folks--Vince has just been added to our growing list of Servicemen. The Bylines he mentioned in his letter were the FIRST he'd ever received. That's appreciation for you---he didn't wait for any urging or hints from us--he just sat right down and said what was in his heart! Oops--looks like we're running out of space. We'll have to hold the other letters for next week. 'byeeee!

THE BRISBANE LIQUOR & DELICATESSEN STORE

carries the finest of liquors, wines, cordials, and a complete line of standard name beers---both Eastern and Western. Our prices are in line with the Fair Trade Laws of California---we neither UNDERsell nor OVERsell!

George Ellison, Proprietor.

WATCH FOR INFLAMMABLE SWEATERS:

In a report from the office of the State Fire Marshall in Sacramento in regards the "hot" sweaters which are flooding the whole country these days, the following points should be carefully considered by Mr. & Mrs. Average Citizen--in other words, YOU!

These sweaters are sold only from cars or panel delivery trucks, and not through normal wholesale or retail channels. They are made of a highly inflammable brushed knit fabric---and so far, they have been found with the following labels on them--"EMBASSY": "ESQUIRE": CLYDESDALE":"CAMEL" "KENMORE":"CAMEO": "BERKSHIRE": & "FLOSMORE". The fabric has a fuzzy surface, such as Cashmere, or Angora Wool.

Apprehension of peddlers is difficult, as definite proof of sale must be obtained. If anyone approaches you with sweaters, rugs, etc. for sale from trucks or cars---either on the street, or door-to-door---take down or memorize the peddler's license number and description. Do not attempt to hold the peddler yourself, or make him suspicious in any way--but do get in touch with your local fire department (JUniper 4-6736) or the Byline office (DElaware 3-0232) immediately after the peddler has gone. Remember--the peddler has to be CAUGHT IN THE ACT of selling one of the sweaters.

* * * * * * * * * * * * * * * * * * *

VITAL STATISTICS:

A son was born to Nick and Melody Guico, of 372 San Bruno Avenue, on Jan. 3rd, 1952.

A daughter for Mr. and Mrs. Richard Mills, of 357 Mendocino, on Dec. 17th.

On January 14th, young Rickey Cowan was rushed to the South San Francisco Hospital by ambulance.

On January 11th, Richard Wright, Sr. of 236 Klamath Street, underwent surgery at South San Francisco Hospital. It was an appendectomy.

* *

FOUND: (by Marion Lohoit)---A HEAVY SWEATER, ON PATH BETWEEN HUMBOLDT AND SIERRA POINT ROAD. OWNER MAY HAVE SAME BY IDENTIFYING AT BYLINE OFFICE.

PIANO TEACHER WANTED: TO TEACH SATURDAY AFTERNOONS AT MY HOME. PLEASE CALL MRS. MADISON, AT JUNIPER 4-3076.

* *

BRISBANE TO HAVE NIGHT CLUB:

We see by Pat Warren's column in the Burlingame Advance that Brisbane will soon have it's own bonafide Night Club, complete with floor show and dinner-dancing. We understand that plans have been drawn up and a budget set for just such an arrangement at our own 23 Club. (aside to Johnny DeMarco;--"just be darned sure there's a table reserved for the LOCAL PRESS on Opening Night!")----

We have seen the model which was built to show the new arrangement for alterations of the club, and we think it's going to be out of this world. We should have more definite information on this when and if we can corner Mr. DeMarco for an interview.

* *

IN REGARDS OUTDOOR LIGHTING CONTEST:

Your editor has had a tough time tracking down who was the winner of the Christmas outdoor lighting contest! We were finally told by two different members of the Lion's Club that K. H. WINTHER, of 405 Mariposa Street, will receive the cup donated by Dick Schroeder of the Brisbane Hardware. We understand there were no second or third prizes this year, due to the fact that no tickets were sold, and no cash raised for prizes.

* *

JEFF HI TAKES LAST FRIDAY'S BASKETBALL WIN

We understand that Jefferson Union High School's Don Dolbon, (of 392 Klamath St., Brisbane) was last Friday night's high point man in the game with San Jose High School, played at Jeff's court.

Don swished 16 points, mainly on long shots, and led his team mates to a 39-37 win over the San Jose Bulldogs. He connected on six buckets and four free throws in an individual scoring duel with the Bulldog's center, Will Stemol.

BRISBANE ACREAGE FOR SALE!!

ACRE # 103 and ACRE #20 In Brisbane Acres are both for sale.
You may buy together, or separately.

REPORT FROM DEMOCRATIC CENTRAL COMMITTEE:

Saturday, Jan. 12th:--With the announcement today that Edmund G. "Pat" Brown, Att'y Gen. of Calif., and the highest Democratic elected official in the state, would be the keynote speaker at the first Democratic pre-primary Convention in the history of San Mateo County, to be held next month in San Mateo, it is expected that this area will become a focal political scene of State-wide interest.

Roy Seagraves, Convention Committee Chairman, stated that, as the result of action by the County Democratic Central Committee, the date originally set for the unique event as Saturday, February 2nd, had been changed to Saturday, February 23rd. The site will be the San Mateo Junior College Auditorium in San Mateo.

"Over 200 delebates from various precincts have already been listed," said chairman Seagraves, "and, with this additional time, we expect to have 500 delegates at the Convention eligible to endorse candidates for the four legislative offices to which this County is now entitled,--namely--two Assemblymen, one State Senator, and one United States Congressman."

Frank Rose, heading the Convention Committee on Committees, appointed Marion [illegible] Kent to organize a Committee to receive applications from prospective candidates. A deadline of February 14 was set as the date by which such candidates must file in order to be permitted to appear before the Convention. Applicants were urged to contact Kent or write to him at 1481 Burlingame Avenue, Burlingame.

A call was issued by Seagraves to registered Democrats in the various precincts, particularly in the northern and central areas, to contact the following convention supervisorial District Chairmen on or before February 1st, if they wished to become accredited delegates; 1st district, Harold J Bailey, 222 B St. South San Francisco---2nd district, Frank Rose, 214 Twenty-ninth Avenue, San Mateo--3rd district, Mrs. Harry Foldscher, 1027 Hopkins Avenue, Redwood City---4th district, Emil A. Holgerson, 2nd and Poplar Sts., Half Moon Bay---and 5th district, Mrs. Frances K. Otto, 434 Bloomfield Road, Burlingame.

In other action taken by the County Central Committee, the resignation of Committeeman George F. Wheeler, 352 San Diego Avenue, Daly City, of the 1st supervisorial district, was accepted. Thomas M. Jenkins, 1148 Nimitz Drive, Colma, was elected to fill the vacancy.

----SAN MATEO COUNTY DEMOCRATIC CENTRAL COMMITTEE

JOIN THE MARCH OF DIMES. GIVE 'TILL IT HURTS, SO SOME CHILD CAN STOP "HURTING"! GIVE NOW! JOIN THE MARCH OF DIMES!

CALIF. NAT'L GUARD SEEKS RECRUITS:

Men who are under the age of 18 years and six months can be deferred from induction in the armed forces by joining the California National Guard, according to an announcement made recently by Captain H. E. Johansen, of Battery C, now headquartered at the Armory in San Mateo. Capt. Johansen lives at 1512 Floribunda Avenue, Burlingame.

Under the new law, declared Capt. Johansen, young men under this age limitation who enlist now, will be placed by their draft boards in a 1-D classification, thus giving them deferred status, as long as they attend weekly drill regularly and perform satisfactory service and conform to training periods.

Those who enlist are paid $2.50 for each weekly drill of two hours.

In this manner, he said--young men receive their military training with the very latest anti-aircraft and other equipment, and still live at home. It is essential that our National Guard units be built to full strength. By joining now, young men help to safeguard the homeland.

Captain Johansen requests that those interested in enlisting apply at once at the Armory, 400 North Humboldt, San Mateo, where Sgt. James Sorenson maintains an enlistment office daily, except Saturdays, from 8:30 a.m. to 4:30 p.m.

* *

TEEN-AGE DANCE PRACTICALLY "STAG"!

Wha' Happen to all you girls who have been wanting teen-age dances at the Legion Hall? Last Friday's dance was almost strictly "stag" until after 10:30---at which time quite a crowd of Jeff High students showed up---but still short of girls. Since when are girls afraid of getting their footsies wet when there's a DANCE involved? The fellows were all well-behaved and gentlemanly---but mighty "lonesome" looking. Only six or seven local girls showed up--while an equal number of Daly City girls braved the stormy weather. Now--if they could come all the way over here in the storm--why couldn't our local girls put on their overshoes or "galoshes"--or even hip boots and trot down the hill to the Legion Hall. We have all worked long and hard to get these dances for you kids---but it's pretty discouraging when we have to watch the local boys, and out-of-town Jeff High boys standing around with their hands in their pockets---letting all that good music go to waste. Those that did show up last Friday night had a good time--but there seemed to be a "damp" feeling over the whole proceedings. If more of you don't show up the next time--the American Legion Post #473 is going to be pretty discouraged--and may call off the dances! A word to the wise SHOULD be sufficient! --YE EDITOR.

We recommend this low-cost plan issued by FOREST LAWN INSURANCE COMPANY. Regardless of how much has been paid in---cash for funeral expenses is immediately available.

BRISBANE STORM DAMAGE:

In a report from the Brisbane Fire Department in regards storm damage during our recent "hurricane"--(move over, Merla--now what have you got left to brag about?)---we find that the following damage was done:

The first alarm came into the firehouse at 3 a.m., from Krampert Apartment House on Visitacion Avenue--and concerned extensive damage done by water being blown through the roof, which had lost it's tar paper roofing during the heavy winds. The apartments were evacuated and all furniture moved into the hallways. The rain was not content to stay in the apartments, however---it ran right on through to the floor below--causing minor floods in the liquor store and drug store on the first floor. Much of the stock of both business establishments was ruined.

At 3:45 it was reported that a large tree had blown down, blocking Visitacion Avenue at Klamath Street. At 4:15 a call came in reporting that the 200 block on Klamath Street was flooded.

Further calls came in regarding a tree down at 200 block on Tulare Street--another tree down on 200 block of King's Road--(seems that the 200 blocks were getting all the trees and floods!)---guttors overflowed at San Bruno at Visitacion Avenues--various fences, roofs, etc. were blown down--and some nervousness was being felt by the "cliff-dwellers" in upper Brisbane--what with all the talk about "slides", lately.

The big billboard sign at San Bruno Avenue and Bayshore Highway blew down, knocking out Brisbane's alarm system. The system was immediately repaired by Fire Marshall Siess.

Local highschool youngsters met the school bus early Monday morning, only to learn that Jefferson Union High School would not open for classes that day, due to a power shortage and floods in the basements. Naturally, another "holiday" so soon after Christmas and New Years made our youngsters very irate about the whole thing!

According to Firechief Terry, it was a busy night and morning for the fire laddies. Personally, we're a little tired of rain! I'm getting mildewed, and how are you? ALL WET. I'll bet!

LOCAL FIRE DEPT. ATTENDS BAYSHORE DEDICATION:

Members of Brisbane's Volunteer Fire Department went over to Bayshore's Firehouse for the dedication of the new flag last week. Judge Bocci made the opening address, and refreshments were served to our local fire laddies at the home of Captain Walling, of the Bayshore Fire Department.

* *

OPEN LETTER TO BRISBANE CITIZENS:

Dear Neighbor: As you know, the city of Brisbane is being organized for Civil Defense in case of disaster. We must first be prepared in our own homes and neighborhoods to take care of ourselves as far as possible. Secondly, we must be ready to furnish aid and support to areas that are so seriously affected that local self-protection is not sufficient.

In the event of disaster, people will meet the emergency requirements of their own families first, and report for Civil Defense service afterwards. In this way, the organized efforts of all able bodied persons will be utilized to aid the distressed and minimize the effect of the disaster generally.

Typical Civil Defense services of our City Civil Defense organization are Fire, Law Enforcement, Engineering, Health, and Medical, Mass Care Services, and Warden Services. Four of your neighbors, one block warden, and three assistants, are needed to direct the self-protection program for your block.

Individual residents can do three things now:--(1) Read the booklet "Survival Under Atomic Attack" distributed several weeks ago by the local CD council. If you did not receive a copy at your residence, notify your block warden. (2) Sign up for first aid training. Full preparedness requires that we have at least one person in every household trained in first aid. Classes will be held in our area as the need arises. (3) Offer your services to the Brisbane Civil Defense and Disaster Council. All applicants will be sworn in, interviewed, and given assignments that best fit their individual skills and interests. There are jobs for everyone. If you wish to offer your services or to sign up for first aid, notify your block warden, or go directly to the Brisbane firehouse, or any member of the Brisbane Civil Defense Council.

A well organized Civil Defense Program is the citizen's insurance policy against being caught unprepared in the event of a disaster, such as that caused by an atom bomb. It is an insurance policy we hope we shall never collect on, but it is insurance we can't afford to be without. Every citizen must pay his share of the premium by active participation in the Civil Defense Program.

Very truly yours,

THE BRISBANE CIVIL DEFENSE AND DISASTER COUNCIL.

* *

LOCAL CD HOLDS MEETING:

At last Tuesday night's meeting of the Brisbane Civil Defense Council, at the Brisbane Firehouse, the meeting was opened by John W. Smith, chairman of the local Council. Under discussion was methods of communications in this area, and recruiting of "ham" radio operators. In last week's issue we printed an article about several local ladies who are already taking the course instructed by Mr. Don Johnson, an instructor for the Naval Reserve.

It was announced that there will be a meeting of all block wardens next Wed. night, January 23rd, at the home of Chief Warden Frank Walch, of 575 Alvarado St.

The question also came up about getting more volunteers to serve as block wardens. There is a definite shortage of wardens in this area at this time.

Anyone interested in taking the "ham" radio course, (which would cost you hundreds of dollars in peace time)--please contact chairman Smith, at 360 San Bruno Avenue--or come into the Byline office and leave your name, address, and phone number. You will be notified as to when your lessons will begin.

Volunteers for the block warden category are asked to also contact Mr. Smith, Mr. Walch, Warren Reece (at C & R Service), or Mr. Ingram, of 371 Klamath Street.

Volunteer police for the local Civil Defense set-up are also needed. Qualified parties may contact Bill Rook, Sr. of 432 Monterey Street.

Or--for any of the above categories you may call the editor of this paper--Gladys Reece, at DElaware 3-0232, or come to the Byline office, at 278 Visitacion.
